

Reader compliments review of Park Kwang-Su's *A Single Spark*

5 June 1998

Nice job on your review of *A Single Spark*. This is a film that should get wide distribution in the US and elsewhere at film festivals and on university campuses.

I don't know if you stayed through the credits, but the film ends with a list of more than 7,000 person's names who donated money to see that the film was made and distributed. It takes more than 5 minutes (at least it seemed like that) for all the names to roll past — in six or eight columns.
