

A comment on the film reviews in the WSWS

1 September 1998

David Walsh's film criticism is rare and insightful. As a screenwriter and actor here in San Francisco (dominated by a depoliticized 'multicultural' liberal fascism), I find his rigorous commitment to the human heart, and his razor sharp analysis, a true delight. I always look forward to his work, which is not to say that the rest of your site is in any way inferior. I've been delighted that Yahoo is featuring *WSWS* more and more often.
