

Socialist Equality Party public meeting

Stop the shutdown of Detroit!

A socialist response to the economic crisis

27 May 2009

The Socialist Equality Party has called a meeting for this Thursday evening, May 28, to address the crisis facing the city of Detroit, including proposals put forward by the school board that would mean the virtual destruction of public education in the city.

This attack on the public schools comes as auto workers and retirees face an unprecedented attack on their wages and benefits under plans proposed by the Obama administration. At the same time, foreclosures and job cuts continue to mount across the Detroit Metro area.

We urge all Detroit-area residents—youth, workers, parents, teachers, the unemployed—to attend this vital meeting. The main speaker at the meeting—D'Artagnan Collier, SEP candidate for Detroit mayor—will advance a socialist perspective to meet this crisis, and the broadest discussion of these issues will be encouraged.
