Mehring Books is pleased to announce that the resolutions from the Socialist Equality Party (US) Second National Congress held July 8-12 in Detroit are now available in both pamphlet and downloadable pdf format.

The Congress unanimously adopted four resolutions: “Perspectives of the Socialist Equality Party,” “On the 2012 Election and the SEP Campaign,” “The Organization of the Working Class and the Fight for Socialism,” and “Build the International Youth and Students for Social Equality.”

These resolutions analyze the major developments in the international class struggle since the beginning of 2011 and outline the tasks of the party. They form the essential political and programmatic basis for the party’s intervention in the growing struggles of the working class in the coming period.
