Take advantage now of this chance to own one of the most important films made in the 20th century. Based on archival footage assembled over more than a decade by the legendary Herman Axelbank (1900-1979), *Tsar to Lenin* provides an unparalleled film record of a revolutionary movement, embracing millions, which “shook the world” and changed the course of history.

The new wave of post-Soviet historical falsification gives this film exceptional contemporary importance. The film bears testimony to the socialist ideals that inspired the greatest revolutionary movement in world history.
