

On eve of Big Three contract expiration

# Louisville workers and youth support the fight of autoworkers

Zac Corrigan  
12 September 2015

In this video, students at the University of Louisville and workers attending the Kentucky State Fair discuss the conditions of life in the city of Louisville, Kentucky. They send messages of support to the 140,000 American autoworkers who are facing a battle against the Big Three auto companies and the United Auto Workers union in a fight to defend their wages, health care, and working conditions.
