

SEP presidential candidate Jerry White speaks with locked out Honeywell workers in Indiana

Our reporters
25 May 2016

Workers at Honeywell International, a large aerospace parts manufacturer in South Bend Indiana and New York, have been locked out since May 9, after they rejected the company's demands for slashing their health care and other benefits, even as corporate profits and CEO pay have skyrocketed.

Socialist Equality Party presidential candidate Jerry White visited the picket lines in South Bend, Indiana and spoke to workers about their struggle.
