

Video: The Australian election and the fight against the danger of world war

James Cogan—SEP candidate for the Senate in NSW
24 June 2016

James Cogan, SEP national secretary and Senate candidate for New South Wales, condemns the conspiracy of silence that surrounds Australia's integration into the US-led preparations for war against China and Russia.

Cogan calls for workers and youth to support the fight by the International Committee of the Fourth International, the world Trotskyist movement, to build an international anti-war movement on the basis of a socialist and revolutionary perspective.
