

WSWS to live-stream commentary on 2016 election

7 November 2016

The 2016 US election has plumbed new depths of filth, degradation and dysfunction. The outcome of the election is not yet known—assuming there is a clear outcome. However, the policies of the next administration are known: Whether it is headed by Clinton or Trump, the US government is preparing vast expansion of war abroad and social and political reaction at home.

On Tuesday, November 8, Socialist Equality Party presidential candidate Jerry White and vice-presidential candidate Niles Niemuth will provide live commentary of the election on the World Socialist Web Site's Facebook page. We encourage all of our readers to follow the page and contribute comments and questions.
