# Urdu translation of “The Political Lessons of Syriza’s Betrayal in Greece”

8 March 2017

The *World Socialist Web Site* is pleased to announce the publication in Urdu of the International Committee of the Fourth International statement “The Political Lessons of Syriza’s Betrayal in Greece.”

The statement is a devastating exposure of the pseudo-left in Greece and internationally who shamelessly promoted the “Coalition of the Radical Left,” or Syriza, as a means for working people to oppose austerity. It draws the strategic lessons from the Syriza experience that must animate the struggle in Greece and around the world to build revolutionary working class leadership for the class battles ahead.
