

SEP (US) announces speaking tour featuring presidential candidate Joseph Kishore

Socialism and the 2020 elections: the international class struggle and the strategy of world socialist revolution

Socialist Equality Party (US)
18 February 2020

One word is dominating the 2020 election cycle: socialism.

Donald Trump and his fascist allies declare the US “will never be a socialist country.” Joe Biden and Pete Buttigieg proclaim their desire to save the Democratic Party from socialists, while Bernie Sanders, Alexandria Ocasio-Cortez and the Democratic Socialists of America (DSA) claim socialism means working within the Democratic Party for mild reforms. The ruling class, presiding over a society dominated by inequality, war and state repression, increasingly views socialism as an immediate threat.

The Socialist Equality Party is running in the 2020 elections to explain what socialism really means. Join the SEP’s candidates—Joseph Kishore for President and Norissa Santa Cruz for Vice President—in the historic struggle to unite all workers internationally, independent of the political parties of the ruling class. The working class is the social force that can replace capitalism with international socialism.
