The capitalist media is whipping up pro-war hysteria in the population through a relentless campaign of anti-Russian propaganda.

There is a widespread anti-war sentiment in the American working class, as well as a more-than-healthy distrust of the government. But to stop World War Three, workers must also have a clear understanding of the geopolitical situation and of the history behind both the US-NATO drive to war and Putin's reckless invasion of Ukraine. *World Socialist Web Site* reporters spoke to autoworkers in Detroit this week to find out more about what workers think of the war in Ukraine.

Watch and share the videos below, and use the hashtag #SpeakOutAgainstWW3 to make your own statement opposing war.
