Do you work at Norfolk Southern or another Class I railway? Do you live in East Palestine or a neighboring community? Tell us what you know about the Norfolk Southern disaster by filling out the form at the bottom of this article. All submissions will be kept anonymous.

In the following video interviews, residents from East Palestine, Ohio, speak with the WSWS about the impact of the train derailment and "controlled release and burn" of highly toxic chemicals in their community. These interviews were conducted outside of a town hall meeting last Friday co-hosted by environmental activist Erin Brockovich.
