26 November 2025

At two major public meetings—in Berlin on November 18 and London on November 22—David North, chairperson of the International Editorial Board of the World Socialist Web Site, delivered lectures analyzing the global crisis of capitalism and the Trump administration's drive to establish a dictatorship in the United States.

The full video of the Berlin meeting is posted below. Read the full text of the London lecture [here](#).

North used both events to announce the imminent launch of Socialism AI, a groundbreaking tool designed to assist workers and young people in the development of socialist consciousness and revolutionary political strategy.
