

WSWS Perspectives and Statements on Iran war published in Farsi

Our Reporter
18 March 2026

More than a dozen critical statements, Perspectives, and *World Socialist Web Site* articles on the criminal US-Israeli war on Iran and how to stop it are now available in Farsi, the mother-tongue of approximately two-thirds of the Iranian people.

These include: “Stop the criminal US-Israeli war against Iran!,” a statement of the Socialist Equality Party (US) National Committee issued on March 2, less than 48 hours after the US and Israel, under the cover of continuing diplomatic negotiations, launched their war of aggression on Iran; “WSWS emergency webinar articulates socialist strategy to stop US-Israeli war against Iran” (a March 9 Perspective); and “Trump is planning a ground invasion of Iran” (March 13, WSWS Editorial Board Statement.)

Also now available in Farsi are important articles that were published as Trump and Netanyahu prepared their assault in Iran, an historically oppressed country, to advance a socialist strategy for the Iranian working class to oppose imperialism and all factions of the Iranian bourgeoisie. These include: “Oppose the pro-imperialist Kurdish nationalist coalition in Iran” and “The Iranian protests, imperialist aggression and the fight for workers’ power”

Below is a list of the articles—in reverse chronological order—with links to their Farsi translations.
